## SUBJECTS

- Aberrant internal carotid artery**  
 Aberrant internal carotid artery in middle ear, suppl 192
- Abscess**  
 Bezold's abscess following chronic mastoiditis in newborn, 843  
 Image-guided surgical drainage of medial parapharyngeal abscesses in children: novel adjuvant to difficult approach, 115
- Accessory parotid gland**  
 Sialolithiasis of accessory parotid gland, 52
- Acoustic neuroma**  
 Acoustic neuroma ingrowth in cochlear nerve: does it influence clinical presentation? 582  
 Enlarged translabyrinthine approach for management of large and giant acoustic neuromas: report of 175 consecutive cases, 319
- Acute low-tone sensorineural hearing loss**  
 Comparison of acute low-tone sensorineural hearing loss versus Meniere's disease by electrocochleography, 194
- Acute mastoiditis**  
 Indications for mastoidectomy in acute mastoiditis in children, 69
- Acute otitis media**  
 Factors associated with clinical outcomes in acute otitis media, 846
- Adenocarcinoma**  
 Successful adjuvant tamoxifen therapy for estrogen receptor-positive metastasizing sweat gland adenocarcinoma: need for clinical trial? 242
- Adenoid**  
 Effect of antimicrobial therapy with amoxicillin and cefprozil on bacterial interference and beta-lactamase production in adenoids, 902  
 Indications and outcomes of adenoidectomy in infancy, 835
- Adenoma**  
 Pleomorphic adenoma of nasal septum, 210
- Aging**  
 Age-related changes in vitamin A-storing stellate cells of human vocal folds, 108  
 Remodeling of neuromuscular junctions in aged rat genioglossus muscle, 175
- Airflow**  
 Receiver operating characteristic analysis of aerodynamic parameters obtained by airflow interruption: preliminary report, 961
- Airway**  
 Management of synchronous subglottic stenosis and bronchial stenosis with modified endotracheal tube, 793  
 Pediatric airway reconstruction: principles, decision-making, and outcomes at University of Iowa Hospitals and Clinics, 289  
 Pharyngeal wall collapse and multiple synchronous airway lesions, 483
- Allergy**  
 Association between polymorphisms of angiotensin-converting enzyme and angiotensinogen genes and allergic rhinitis in Korean population, 297  
 Effects of cetirizine on substance P release in patients with perennial allergic rhinitis, 941  
 Macrophage migration inhibitory factor in allergic rhinitis: its identification in eosinophils at site of inflammation, 205
- Amyloidosis**  
 Laryngeal amyloidosis: localized versus systemic disease and update on diagnosis and therapy, 741
- Anatolia**  
 Otorhinolaryngological procedures in fifteenth century in Anatolia, 414
- Anatomy**  
 Anatomy and fiber type composition of human interarytenoid

- muscle, 97
- Roof of parapharyngeal space: defining its boundaries and clinical implications, 283
- Angiofibroma**
- Denker operation is effective surgical approach in managing juvenile nasopharyngeal angiofibroma, 946
- Tissue maturation during growth of juvenile nasopharyngeal angiofibroma, 34
- Angiotensin**
- Association between polymorphisms of angiotensin-converting enzyme and angiotensinogen genes and allergic rhinitis in Korean population, 297
- Episodic macroglossia as sole manifestation of angiotensin-converting enzyme inhibitor-induced angioedema, 223
- Annals Classics**
- Autoimmune sensorineural hearing loss, 526
- Beethoven's deafness, 511
- Editorial: how to write a scientific paper, 531
- Reconstruction of cervical trachea, 5
- Apnea**
- Indications and outcomes of adenoidectomy in infancy, 835
- Same-day discharge for selected patients undergoing combined nasal and palatal surgery for obstructive sleep apnea, 128
- Application system**
- Tolerability of *N*-chlorotaurine in guinea pig middle ear: pilot study using improved application system, 76
- Artery**
- Palatal myoclonus associated with compression of brain stem by ectatic vertebral artery, 418
- Aspiration**
- Autologous fat injection laryngohypopharyngoplasty for aspiration after vocal fold paralysis, 87
- Delayed diagnosis of tracheoesophageal prosthesis aspiration, 828
- Audiology**
- Audiological characteristics of some affected members of Dutch DFNA13/COL11A2 family, 922
- Auditory brain stem response**
- Audiovestibular evolution in patient with multiple sclerosis, 726
- Auditory canal**
- Unusual bilateral lesions of internal auditory canals, 505
- Auditory evoked potential**
- Differential changes in peripheral and central components of brain stem auditory evoked potentials during neonatal period in term infants after perinatal hypoxia-ischemia, 571
- Autoimmune labyrinthitis**
- Controversies and criticisms on designs for experimental autoimmune labyrinthitis, 404
- Autoimmune sensorineural hearing loss, 526**
- Autologous fat injection**
- Autologous fat injection laryngohypopharyngoplasty for aspiration after vocal fold paralysis, 87
- Bacteria**
- Ecthyma gangrenosum: rare cutaneous manifestation of potentially fatal disease, 462
- Effect of antimicrobial therapy with amoxicillin and cefprozil on bacterial interference and beta-lactamase production in adenoids, 902
- Role of anaerobic bacteria in infections following tracheostomy, intubation, or use of ventilatory tubes in children, 830
- Beethoven**
- Beethoven's deafness, 511 (Annals Classic)
- Benign positional vertigo**
- Electronystagmographic findings in benign paroxysmal positional vertigo, 313
- Horizontal canal benign positional vertigo, 721
- Bezold's abscess**
- Bezold's abscess following chronic mastoiditis in newborn, 843
- Bifurcation**
- Splaying of carotid bifurcation caused by cervical sympathetic chain schwannoma, 696
- Bioactive glass**
- Bioactive glass and turbinate flaps in repair of nasal septal perforations, 655
- Bleeding polyp**
- "Bleeding polyp" of nasal septum: uncommon lesion in adults, 652
- Blindness**
- Sphenoid sinus mucocoele with unilateral blindness, 294
- Blood flow**
- Blood flow in ears of patients receiving cochlear implants, 426
- Changes in cochlear blood flow due to endotoxin-induced otitis media, 450
- Blood pressure**
- Sudden sensorineural hearing loss after rapid reduction of blood pressure in malignant hypertension, 73
- Bone**
- Biphasic ceramics and fibrin sealant for bone reconstruction in ear surgery, 711
- Hyoid bone fracture, 338
- Management of temporal bone hemangiomas, 431
- Mandibular reconstruction with frozen autologous mandibular bone and radial periosteal fasciocutaneous free flap: preliminary report, 956
- Monostotic fibrous dysplasia originating from ethmoid bone: treatment with endoscopic approach, 139
